

Dear prospective patient,

Thank you for your interest in the Maverick Medical Group weight loss program. We treat with weekly Tirzepatide injections – the same active medication found in Mounjaro and Zepbound, the most effective weight loss agent available today.

Pricing starts at \$80/week at the lowest dose and increases with dosage:

2.5mg = \$80/wk

5mg = \$100/wk

7.5 mg = \$120/wk

10 mg = \$140/wk

12.5mg = \$150/wk

15mg = \$160/wk

Most patients lose weight effectively at the lowest dose for several months before needing to increase it. Some never need to increase at all.

If interested, send us your full legal name, date of birth, email, phone number, & Zip code, and we will enroll you as a Maverick Medical Group patient. If you are a candidate for Tirzepatide, we will partner with you to reach your goals.

We also offer a free Tirzepatide shot for every two patients you refer who enroll with Maverick Medical Group.

Please let us know if you have any questions.

Thank you for your interest,

Respectfully,

Maverick Medical Group LLC
